DOMINION ORDERS IN COUNCIL.

[Ref. 22,146.]

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Tuesday, the 30th day of June, 1908.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

WHEREAS a coal seam has been discovered within the boundaries of the Monte Hills Forest Reserve, situated in the Railway Belt in the Province of British Columbia, and applications have been received for the leasing of coal lands within the reserve;

And whereas lands within the forest reserves can be dealt with only under regulations established under the authority of the Dominion Forest Reserves Act, and no such regulations relating to mining claims have yet been established;

And whereas it was not the intention in the establishment of the forest reserves that the working of valuable minerals which might be found therein should be prevented,—

Therefore, His Excellency the Governor-General in Council is pleased to order that the regulations established by the Order in Council of the 9th May, 1907, for the leasing of lands for coal mining purposes, shall be and the same are hereby extended to and applied to lands within the forest reserves as established by the Dominion Forest Reserves Act, with the following restrictions:

1. No lease for coal mining rights within a forest reserve shall be granted until the application has been reported upon by the Superintendent of Forestry.

2. No lease for coal mining purposes shall entitle the lessee to purchase the surface rights, but the lessee may, upon application, be granted a lease, concurrent with that for the coal mining rights, for such portion of the surface rights thereof as the Minister of the Interior may consider necessary for the efficient and economical working of the coal mining rights granted under such lease.

3. That the lessee will do no unnecessary damage to timber and will carefully observe all the provisions of all regulations relating to forest reserves.

4. That no trees on the reserve will be cut by him without the permission of the Superintendent of Forestry, and that when any trees are cut by him he will carefully clear the ground of all tops and branches and other debris of such cutting, and will dispose of them as to prevent danger by fire, in accordance with the instructions of the officer in charge of the reserve.
